

CONFIDENTIAL

NPIC/TDS/D-1042-67
18 October 1967

MEMORANDUM FOR: Director, National Photographic Interpretation Center

THROUGH: Chief, Support Staff, NPIC 25X1A 25X1A

SUBJECT: Request for Change in Scope in the Amount of [REDACTED]
25X1A from FY-1968 Funds for [REDACTED] with [REDACTED]
[REDACTED] for the Contact Chip
Printer Development Program (Project Number 10088)

25X1A 1. This change in scope is required because of interface problems
resulting from lack of compatibility between the [REDACTED] Chip
Processor and the [REDACTED] Specific Format Chip Printer. 25X1A

25X1A 2. The Chip Processor was built in [REDACTED] under [REDACTED] by 25X1A
25X1A [REDACTED] who furnished drawings and diagrams for use on the
[REDACTED] contract. These drawings and diagrams which were used as guides
25X1A by [REDACTED] in the design and fabrication of the Chip Printer proved to be
25X1A faulty and incomplete. However, there is no possible recourse against
25X1A [REDACTED] because that firm has gone out of business. The only alter-
native is a change of scope which will permit [REDACTED] to make modifications
and do the necessary redesign to solve the interface problems.

25X1A 3. It is therefore requested that a change of scope in the amount of
[REDACTED] be approved utilizing FY-1968 funds.

25X1A
[REDACTED]

Colonel, USAF
Assistant for Technical Development, NPIC
